Here are a couple of the most compelling ones.

Ensure a faster and smoother closing experience.

TG Escrow gathers crucial information at the beginning of a real estate transaction to making sure any gaps are filled in and that everyone is on the same page for the closing. Start inHere® helps make this information gathering process easy for the consumer. And the best part is it only takes a few minutes from the comfort of where ever you are!

Help protect yourself from wire fraud.

Wire fraud is real and home buyers and sellers are the biggest targets. startSafe provides our WireSafe wiring instructions in a secure digital workspace. Historically, that information is sent via unsecure email inboxes. By using Start inHere's secure digital workspace to receive your wiring instructions, you are helping protect yourself from the threat of wire fraud.

Why wait?

The Start inHere® digital opening process maximizes security and ease-of-use for buyers and sellers.

The best part? It only takes a few minutes.

Start your transaction with Start inHere® today!
